Lactation Consultant Referral

Due to lack of government funding for Lactation Consultants, we have a pay-per visit policy to cover the administrative costs for appointments. For office appointments, there will be a **fee of \$85** for every visit. This fee is payable by cash, cheque, Visa or Mastercard. If your patient is experiencing financial difficulties and require this fee to be waived, please contact us. We will **not refuse** any patients who cannot pay. In the future, these costs may be partially covered by our fundraising program.

We will contact you by phone or return fax with an appointment for your patient within 2 days of receiving the referral. For an urgent appointment call 604-535-1175 extension 3 and ask for the LC on-call.
